"The advancement of education in the history of steam launches by preservation, maintenance, and exhibition of the steam launch

Consuta approaching Henley Bridge, November

Consuta was restored to working condition during 2001, and has been operational each year since then.

The Trust have over 100 supporters who have either given donations and/or provide voluntary work effort. By displaying Consuta at various River Thames Regattas, the Trustees need to raise sufficient funds to cover the annual running costs; such as insurance, license fees, fuel costs, moorings, and maintenance.

The Trustees believe that it is important to have a steady income to help with these costs. We would like you to consider giving a regular £2 per month donation to **The Trust**, payable direct from your bank by a Standing Order. You can modify the form overleaf to give more if you want, just cross out the Two Pounds and write in the amount you wish to give per month, marked by * on the form.

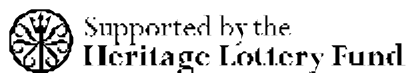

Supporters receive frequent news updates, and will be able to come along on some of our passenger trips. Our newsletter is issued every few months. Trust supporters are key to the successful operation of Consuta. Many volunteers from our supporters help run and maintain Consuta, and you are very welcome to do this work as well.

If you wish to support the Trust please, fill in the SO overleaf and return this to:-
Mrs H.V. House, 39 East Sands, Burbage, Marlborough, SN8 3AN

If you would like to actively help with the crewing and/or maintenance of Consuta please tick the box on the form.

If you don't wish to set up a Bank SO but would like to help run Consuta or if you have any questions please contact us at:- Brian Smith tel: 01488 658795
